

Powering The Future- Sustainably!

*Introducing the world's first eco-friendly
batteries made from Aloe Vera —
because the Earth deserves the best.*

#ReduceToxicWaste

#GoGreen

Who Are We?

At Aloe E-Cell, we are on a mission to redefine energy storage — sustainably. Our batteries are made using Aloe Vera extracts, offering a non-toxic, eco-friendly alternative to conventional batteries.

Why Aloe Vera batteries?

- ❧ Non-toxic & biodegradable materials.
- ❧ Safe for humans and the planet.
- ❧ Reduces harmful chemical waste generated by standard batteries.

Our Vision?

A BETTER BATTERY WORLD!

#BetterBatteryWorld

HIDDEN COST OF *EVERYDAY* BATTERIES?

2.3 billion batteries are thrown away annually — ending up in landfills.
Heavy metals and toxic chemicals leak into the environment.
Harmful to wildlife and water systems.
Non-recyclable components add to global waste.

THERE HAS TO BE A BETTER WAY.
ALOE E-CELL IS THAT WAY!

Why Choose Aloe E-Cell?

Eco-Friendly & Biodegradable
Safe for our planet.

Durable & Long-Lasting
*1.5X Performance**

Affordable Green Tech
Because caring shouldn't be costly.

Safe for Children & Pets
No harmful chemicals.

Made in India
Supporting homegrown innovation.

EVERY SMALL SWITCH POWERS A
GREENER WORLD.

#BetterBatteryWorld

Ready to Power Up the *Green Way*?

*Make the switch to Aloe E-Cell today —
because a greener earth is closer than we think,
and it starts with us.*

QUICK
REVOLUTION

Rethink *Packaging*

Our packaging is designed to promote sustainability and inspire individuals to responsibly collect and dispose of batteries.

10 PCS PACK

4 PCS PACK

6 PCS PACK

*We're the first ever Battery company to have
Inbuilt Battery Collection Mechanism.*

*A unique **QR code system** that allows users to easily scan, return used batteries, and earn rewards. This first-of-its-kind initiative aims to create a sustainable cycle, encouraging responsible disposal while contributing to a greener,
Better Battery World.*

INTRODUCING

ALOE E-CELL

WORLD'S FIRST ALOEVERA POWERED BATTERY

**1.5X MORE POWER - 100% ECO-FRIENDLY - HEAVY DUTY
GO GREEN FOR YOUR DAILY NEEDS**

ZERO LANDFILL COMMITMENT
INDIA'S FIRST BUILT IN BATTERY RECYCLING PROGRAMME
